RECALL NOTICE

Return this keychain...

And get $5 back.

This keychain, manufactured by Cyrk, Inc., is being recalled voluntarily. The keychain is not dangerous when used as intended. However, this action is being taken because the keychain contains liquid petroleum, which can pose a hazard to young children if they ingest the liquid or inhale it into their lungs.

1 If you have one of these keychains, put it in a safe place.

2 Then call 1-800-230-1101 and you will receive special prepaid packaging and complete instructions for returning it.

3 When your keychain is received, a $5 check will promptly be sent to you.
